

Company Profile

Xinyi Glass, founded in 1988, is one of the largest leading glass manufacturers with technologically advanced production facilities in China. There are five major production facilities in Dongguan, Shenzhen, Wuhu, Tianjin and Hong Kong, with a total area of over 10 million square feet and 7500 employees. The Xinyi Glass Holdings Limited is a public company listed on the Main Board of the Hong Kong Stock Exchange since February 2005.

Our production facilities are fully integrated, from daily production of 150 container loads of Float Glass, to Tempering, Laminating, Low-E coating, Insulating Glass production incorporated Custom Ceramic Frit, Heat Soaked treatment and other glass fabrication processes, producing a full range of architectural, solar and automobile glass products meeting market demand.

About 50% of Xinyi Glass products are exported to over 100 countries worldwide. To produce quality glass products that meet the stringent requirements of the global market, Xinyi Glass has adopted automated production technology and advanced production machineries in our manufacturing facilities. For example, Von Ardenne Low-E coating line from Germany, GLASSROBOTS and TAMGLASS tempering furnaces from Finland, Lisecc cutting tables and Lisecc Insulating Glass production line from Austria are used.

As part of the overall Production Management and Quality Assurance Program, Xinyi Glass is well equipped with advanced testing and research laboratory facilities. The products of Xinyi Glass fully comply with US Safety Glass Standards, with international accreditations. These include:

- **ISO 9001:2000**
- **Authorized Laminator by both DuPont and Solutia for manufacturing Hurricane Resistant Laminated Glass meeting Miami Dade County Code**
- **Safety Glazing Certification Council (SGCC) certified**
- **Insulating Glass Certification Council (IGCC) certified**
- **ANSI Z97.1-2004**
- **CPSC 16 CFR 1201 Cat II**
- **CAN / CGSB**
